

OUR Math: Centered on student discourse and diverse learning

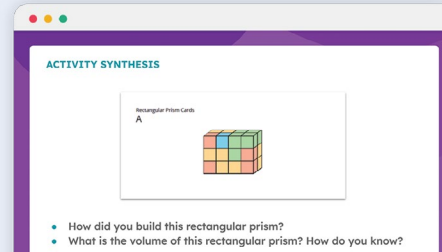

Earning All-Green on EdReports, OUR Math invites students to access deeper mathematical reasoning with problem-based learning, intentional discourse, and a balance of conceptual understanding with procedural fluency.

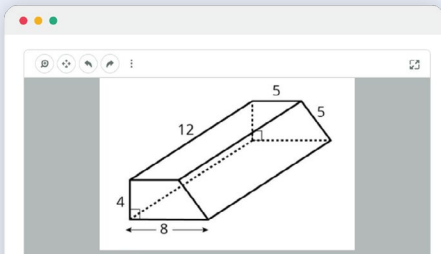

When you use Kiddom OUR Math, that's when the real magic happens with intuitive tech tools that streamline lesson **planning**, support **teaching** effectively, and help you glean **data** insights. And that's not all—we are **partners in your success** through unparalleled customer service.

Student Name	Grade 2	Q1	Q2	Q3	Q4	Q5	Q6	Q7
Average	74%	83%	50%	66%	78%	88%	94%	100
Publington, Roberto	76% (4/10/19)	4	4	3	3	4	3	4
Albisson, Cavan	100% (8/4/19)	2	4	2	3	4	4	4
Bingham, Harold	58% (3/14/19)	2	4	2	4	4	4	4
Cullum, George	76% (4/10/19)	4	0	3	2	4	4	4

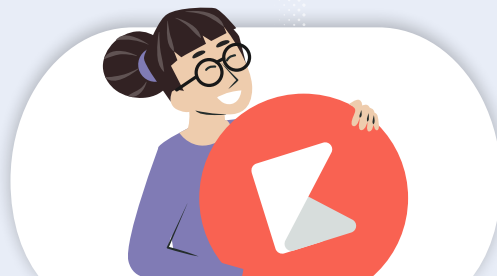

**Robust assessment, data insights,
and student mastery reports**

**Intuitive digital experience, AI features,
lesson presentations, and more**

**GeoGebra, Brainingcamp, and
more integrated tools**

**Stellar customer service, onboarding,
and ongoing support**

Benefits of Kiddom OUR Math

Planning

- Hybrid learning: access digitally or print on-demand
- Comprehensive, standards-aligned lesson plans and teacher resources
- Intuitive, minimal click interface
- Editor rights for easy customization of content
- School/district-wide distribution of updated content versions

Teaching

- Live classwork activities with real-time data
- Ready-to-project lesson presentations in Google Slides
- Blend synchronous and asynchronous learning
- 15 tech-enhanced question formats including video response
- Provide granular question-level feedback

Data

- Multiple options for grading, including autograde and manual
- Formative and summative assessments
- Standards-mastery reports for teachers and administrators
- Usage reports for administrators
- Shareable report cards on individual student progress

Partners in your success

Onboarding

We help you get started with free implementation training

Ongoing support

Live chat, self-serve knowledge base, webinars, and targeted professional learning

Continuous improvement

Enjoy new features like AI practice generator, feedback, and more
