

Math just got exponentially better

Experience dynamic problem-solving in your classroom with Kiddom **Virginia** Math based on IM® by Illustrative Mathematics®. Kiddom Virginia Math is built exclusively for Virginia and is 100% aligned to the Virginia Standards of Learning. With IM® curricula Powered by Kiddom, students use their current understanding of math and lived experiences as resources for problem solving to ensure that every Virginia student graduates with the mathematical knowledge and skills needed to be ready for college, career, and life.

Custom printed student workbooks, teacher guides, and resources

Unparalleled digital experience, standards mastery reports, and engagement activities

For teachers, Virginia Math Powered by Kiddom seamlessly connects to the most critical aspects of teaching and learning.

Tech-Enhanced Education: advanced digital tools support modern, interactive learning environments to keep students engaged.

Efficient and Effective Tools: access ready-to-use materials, customize content, and perform real-time assessments, maximizing instructional impact and mastery.

Beyond Boundaries: Our digital learning environment supports personalized learning paths that allow students to excel in advanced courses without limitations.

Support and Insights: With comprehensive reports, educators can make data-driven decisions to advance student mathematical thinking.

Available in Spanish*
